Most Needed Items Drive

IMPACT

There are currently more than 11,000 children in Georgia in foster care, not including children being raised by grandparents, relatives, or fictive kin. Foster Care Support Foundation (FCSF) serves children in the foster care system by providing clothing, infant equipment, and developmental toys. FCSF depends on donations of all types to help children receive the care and kindness needed while in foster care and relative care homes. You can help FCSF by supplying some of the most needed items as outlined on their Amazon Wish List.
